It's hard to feel prosperous when weeks go by without getting paid, and your fear increases as your bank account decreases. Potential clients are repelled when they sense that you need them more than they need you.

Take Napoleon Hill's **Think and Grow Rich** wisdom to the next level and:

- Steadily increase your prosperity regardless of “feast or famine’ cycles
- Cultivate your Personal Power to more easily achieve your real estate and personal goals
- Learn how to “Be it till you see it!” instead of trying to “Fake it till you make it”

Author of the #1 bestseller **7 Principles of Personal Power**, Lucas Roy Lehman brings over 30 years of sales and entrepreneurial experience together with his sparkling creative energy to inspire and train hundreds of clients to thrive in their careers, and in their lives.
